

MH-FG-800B Mini Stretch Wrapper With Top Press (Box Wrap Machine)

	Specification
Power Voltage	1P AC220V/110V 50/60Hz 0.5KW
Speed of turntable	0~20r/min
Air consumption	0.7m ³ /hr
Table height	650mm
Diameter of turntable	Φ400mm
Wrapping height	400~500mm; 500~650mm (optional)
Film	LLDPE film, width≤500mm, out diameter≤280mm
Capacity weight	80kg
Package size	L1340mm x W580 x H1650mm
G.W/N.W	110kg/100kg

Machine configuration	PLC: Koran "LG" Inverter: French Schneider LCD text: Chinese "MEIWA" Travel Switch: French "Schneider" Button Switch: French "TE" Connector: French "TE" Sensor: German "P+F" Motor: Chinese "MEIWA"
Noise	≤75DB
Environment	Humidity ≤ 98%, Temperature -10-40°C

It adopts cylinder presser to pack small and medium sized objects packed in carton box or directly palletized onto the rotating platform
